

REMARKS

This amendment under 37 CFR 1.116 is being submitted to amend claims 8, 23, 32, 39, 59, 65, and 70 to present these claims in better form for consideration on appeal.

Additionally, there is good cause why such amendments were not presented earlier. No objection was made with respect to certain claim language until an Advisory Action dated May 21, 2009. Specifically, the Advisory Action dated May 21, 2009, stated an objection to claim language that included the phrase "adapted to". At no time before this Advisory Action was Applicant informed of this objection. No undue burden will be created by this amendment since the Examiner has previously fully considered and has given full patentable weight to the now-objected-to language in each of claims 8, 23, 32, 39, 59, 65, and 70. In fact, the Final Office Action dated February 9, 2009, expressly identifies this now objected to language and asserts that the limitations are met by various references. See, for example, the rejection of claims 8, 23, 32, 39, 59, 65, and 70 respectively at page 8, lines 5-8; page 12, lines 9+; page 12, line 13; page 12, line 17; page 13, lines 9-11; page 14, lines 2-8; and page 14, line 70. For these reasons, entry of this amendment is respectfully requested.

Should the Examiner have any questions concerning this paper, the Examiner is invited and encouraged to contact Applicant's undersigned attorney at (216) 621-2234, Ext. 106.

Fees for a one-month extension of time are being paid by credit card. No additional fees should be due for this response. In the event any fees are due in connection with the filing of this document, the Commissioner is authorized to charge those fees to Deposit Account No. 20-0090.

I hereby certify that this correspondence is being transmitted to the U.S. Patent and Trademark Office via electronic filing on June 16, 2009.

Respectfully submitted,
